New England Mutual Life Ins.,
Of Boston, Mass., Chartered in 1843,
Capital and accumulation, \$650,000.

THIS Company is one of the oldest, and among the most prudent and successful conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the amount at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium. The directors are required to be peculiarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.
THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.
THE MADISON MUTUAL,
LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings, crops, tools, furniture, household and millinery goods, in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies. All claims are promptly paid at the office as soon as proof is made.

We believe it to be for the interest of the Farmers to insure by themselves, their property being less hazardous than any other, consequently you will have a lower rate only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, barns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

New England Mutual Life Ins.,
Of Boston, Mass., Chartered in 1843.

Capital and accumulation, \$650,000. This Company is one of the oldest, and among the most prudently and successfully conducted in the country.

The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to its insured a surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be peculiarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.
THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon 1. Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be an easy matter.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company the insured property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to ask our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in our history of insurance.

The best of references given as to the responsibility of the company.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST.

THE MADISON MUTUAL.
LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, and stock, from one to five years, at lower rates than any other reliable company.
All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses over your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively by LETTING THEM ASK.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have not been obliged to assess our premium notes, and for the last three years have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

SECOND DISTRICT,

THIRD DISTRICT,
CHARLES BILLINGHURST.
ROCK COUNTY REPUBLICAN CONVENTION.

The electors of Rock county who are determined to support no man for office who is not positively and fully committed to the support of the principles announced in the "Republican Platform" adopted at Madison on the 13th of July last, and whose personal character, political associations and private conduct, do not afford a guarantee that he is reliable, are invited to meet in their respective townships or wards at the place of holding the last township or ward election, on Tuesday, 10th day of October next, at 9 o'clock P. M. for the purpose of effecting a thorough organization of the Republican party in their towns or wards, and of appointing delegates to a county convention hereby called at the Court House in Janesville, on THURSDAY, the 12th day of October next, at 2 o'clock P. M., to nominate a county ticket.

The towns and wards will be entitled to representation in the county convention as follows:—to wit:

17th SENATORIAL DISTRICT CONVENTION.

At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the city of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to which they are entitled under the above appointment in the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY the 12th day of October next at 11 o'clock, A. M., to nominate a candidate for senator.

By order of the County Committee.

For telegraphic news see third page.

JUDICIAL ELECTION.—Full returns from Jefferson county are said to give Collins 573 majority. Twenty-five towns in Dane give Hood 191 majority, instead of 35 as stated by the Milwaukee Sentinel. Baraboo gives Collins 119 majority, and Sauk City 93 for Hood. So far, the chances are in favor of Collins.

A COOL ENDORSEMENT.—The last number of the Patriot has the following chilling notice of its candidate for congress:

"The democratic nominee for congress in this district—Dr. Otis Hoyt—by the resolutions of the convention, stands square and fair upon the Nebraska platform."

The contest in this district will show how many democrats are willing to accept a mere law of congress as a test of party fealty—and how much our platform makers will gain by the process."

Probably the Patriot was thinking of the fact that Dr. Hoyt is a candidate of "Monk's Hall," and friendly to "Barstow and the balance." These two things have exercised the Patriot so severely, that he wonders it should have raised the doctor's name at all, or reconciled it with its conscience to have given him any "endorsement" whatever.

A NEW HELPER.—The Emigrant, the Norwegian paper printed in this county, raises the name of Mr. Washburn for congress, and John V. L. Thomas for the state senate from this district. It also put up the name of Chancy Abbott, of Madison, for judge in the 9th district.

The Milwaukee Sentinel has a private telegraphic despatch from New York, dated the 27th, which says: "It is reported on authority of foreign diplomatists at Washington, that the Spanish government has dismissed Soule for fomenting insurrections."

The concert of the Bakers Wednesday evening attracted the largest audience ever drawn out in this city on such an occasion. The hall was densely filled, and many left unable to get in. This induced the family to give another last evening. The popularity of this troupe of singers seems scarcely less than the Hutchinsons in their palmist days.

The democratic committee for this county have called a delegate convention to meet in Janesville on the 14th of October to nominate a county ticket. The republican committee will meet on the 10th for the same purpose.

Merchandise for Janesville arrived at Milwaukee on the 26th for J. B. Dimock, T. Munger, R. Colton, O. R. Ford, McKee & Bro., S. C. Spaulding, Holden, Kemp & Co.

The democrats of Massachusetts have nominated Bishop, their old candidate for governor, and endorsed the Nebraska bill and the national administration.

The Independent democrats of New Hampshire have called a state convention, to meet at Concord on the 26th of October.

Good taste is a good thing anywhere, and one of the best displays of it we have seen lately is in the perfume case of Holden, Kemp & Co. Aside from the neatness with which the articles are arranged, many of the perfumes themselves would not justify the use of a disinfectant in a case we alluded to a few days since.

The Albany Register says there are more than \$1,000,000 now lying unclaimed in the savings banks of the state of New York, some of which has been there for 50 years.

Like a good thing whenever we find it, and a good deal being said now-a-days about the "know nothings," we copy the following capital sketch from the Standard:

QUALIFICATIONS FOR A "KNOW-NOTHING."

As there will probably be lodges of this fraternity established all over, it would be as well to let the people know what the requisite qualifications are.

First a "Know Nothing"—that is the scientific way of spelling it—must know a good deal, and a good deal that he ought not to know, or else he can't "come in."—Next, he must not know a good deal that he ought to know, or else he can stay out. He must be a Native American or an Indian, but if he is the latter he stands a fair chance of being left out as a little too much native and too much know nothing. If he is a darky native American he stands a fair chance of being blackballed.

Religion is a qualification on which much depends; a protestant can be admitted if he does not protest against illiberality.—Those professing the doctrines of MAHOMET need not fear rejection. Those having no religion at all can come in as men of whom the society has some hope, but Pusey-ites, Roman Catholics and most Episcopalians are inadmissible. The Cross is forbidden, whether because it knows too much or not we may not say, but the Crescent can come into the very bosom of the Know-Nothings.

It is an error to suppose that this society merely confines its efforts to prevent the admission of all foreigners. It goes further, it goes against all things foreign—to its interests. It is ready to admit foreigners, even, provided they are neither Irish nor Germans and will vote the whig—beg pardon, Know-Nothing ticket.

The officers of the Society are principally selected before hand, and they are to be considered the Know-Somethings of equ Know-Nothings. They are to be the patrons and guides of the flock, to be as infallible as even the Pope was deemed, to direct—rule—ruin. The remedy they offer for the evils they complain of is homoeopathic. They propose to cure by giving a little more of the disease. To correct intolerance by administering a little more intolerance in the sugar pills of Know-Nothingism, and we think they will be successful in their cure, though the doctors may suffer some in their practice.

Their intolerance of intolerance, is to be the most intolerant kind of intolerance, done up in sugared doses, and if they do not make intolerance intolerable, we shall be intolerably disappointed.

Strange to say, the Patron Saint of the Society is St. PATRICK, who they claim was not an Irishman, and they declare they have chosen him for two reasons. The one because,

"He drove the frogs from out the bog, And scattered all the varmint!" and the other

"He built a church in Dublin Town, But first he built the steeple!" which they declare is typical of their Society, which commences so high in the air that few can see the point of it, and will, in time come down to the ground with such a whack, that all will be able to see the ruins of it with half an eye.

A REAL DODGE.—Somebody, we don't know, tells the following story of one of the Iowa congressmen:

With regard to Hall's election—the only relic saved out of the general overthrow, it is remarkable that he owes his election to a dodge—not A. C. Dodge—but a dodge of a different kind—a dodge of the Nebraska bill. Mr. Hall, in the course of his canvass, was waited on by a deputation of Fort Madison politicians and admonished that he had better not visit certain German settlements in his district, or if he did that he had better not come out for "Nebraska."—Mr. Hall, like a man of genuine pluck, would not go where he could not be allowed to "speak his sentiments," so the Germans were unblest with light and voted for Mr. Hall. Wasn't that a dodge?

We clip the following from the Southern Planter, and publish it for the benefit of those who are employed in threshing:

For the comfort of those who feed threshing machines where there is much dust in the wheat, I will say it is the experience of my feeder (who has suffered much from dust in his throat) that one swallow of oil, (which should be the best lamp oil,) when he stops at night will relieve him from all the unpleasant effects of the dust. This is his remedy after ten years' experience, and as it may give relief to many a fatigued and suffering poor fellow, I communicate it to the Planter.

A railroad watchman on the Columbus and Xenia road the other night, growing sleepy thought to take a nap, and to make sure of hearing the train when it should come along, he laid his head on the rail and went to sleep. The Statesman says: "Failing, however, to hear the cars, he was struck by the cow-catcher in such a manner as to be thrown off the track and thus saved from an instant and horrible death. His senses, (what little he had,) have not yet returned."

EXPOSURE NUMBER NINE!—There has been at least nine exposures of the secrets of the know nothings, published in the various democratic papers. The first, we believe, appeared in the New Orleans Delta, another in the Cincinnati Enquirer, one in Douglas' organ in Chicago, another in the Democratic Press of this city, another in the Democratic Platform, at Indianapolis, and the very latest exposure is to be found in the State Sentinel, of that city, of Monday.—All of these are manifestly different—and we would really like to know which is the correct exposure.—Chicago Tribune.

DANGEROUS AFFRAY AT MADISON.—SEVERAL MEN WOUNDED.—A serious affray occurred last evening at the Railroad Exchange, in the western part of the town. A number of Irishmen, intoxicated with success and whiskey, at the judicial election, gathered about the adjacent house, and part of them went into the bar-room. Mr. Rogers who formerly kept the house was sitting in the bar-room, and three men from some where in the vicinity of Portage City, named Gibson, were also present among others. They were brothers, and were intending to leave on the cars this morning for Ohio.—One of the Irishmen asked Rogers to drink, which he declined doing. They soon became boisterous, and the bar-keeper ordered them out of the house, whereupon one of their number, named Haggerty, seized him and attempted to drag him over the bar. A scuffle ensued.—One of the Gibsons in attempting to push back the Irishman, approached a window, when some one from the outside struck him through the window with a large knife, inflicting a dangerous wound in the left breast. Mr. Rogers was also struck with a knife and one of his fingers badly cut, and a man named Durkee received a large gash in one of his hands. It is feared that Mr. Gibson's wound will prove fatal, the knife having penetrated his lungs. Another man was missing, but turned up this morning, having been badly pounded and laid in the open air all night.

Haggerty has been apprehended. The person who stabbed Gibson is unknown. The house was assailed with stones during the row, and some came through the windows, which weighed several pounds. The riot grew out of the election. Mr. Rogers was a Collins man and gave offence to some of the untrifling of the opposite party, and they were heard to threaten him with violence, we understand, before proceeding to the house where he was stopping.—Madison Journal.

NEW YORK, Sept. 21.
The democrats of the third congressional district have nominated James Whiting, formerly district attorney, for congress. The mercantile letters by the Arabia are generally of a favorable tenor, and considerable orders came out for our securities. The low limits of the same, will, however, prevent many of the orders from being filled. The steamer St. Louis is to leave here for Southampton and Havre to-morrow. During the renewal of the riots at New Orleans on Friday night, one armed gang paraded the streets and attacked a coffee house kept by Mike Folley, and completely demolished it.—Three men were severely wounded.

THE CHOLERA.—The feeling of cheerfulness, of which we spoke on Thursday morning, was again changed to that of sadness, upon the announcement in the evening that there had been some seventy deaths of cholera during the day. We mentioned that there had been but few new cases on Wednesday, but on Wednesday evening, after our report was written, it appears to have broken out with renewed virulence, and continued during Thursday and yesterday, on which latter day there were about 75 deaths. On referring to our local column the reader will find the names of those who died on the two days ending last evening.—Pittsburgh Gazette of Saturday.

MARRIAGES AND BIRTHS IN NEW YORK.—The whole number of marriages in New York city, during the year ending on the first of July last, was 6097, or 13,194 persons were married in a population of over half a million. The whole number of births during the year, were 19,223, of which 10,092 were males. Of those that were married 1600 only were colored citizens, and of the whole number, 1211 were under 20 years of age, 4669 between 20 and 25; 2419 from 25 to 30; and 1500 from 30 to 35.

SUICIDE TO AVOID THE CAT.—James Ransom, an able seaman of the Valorous, 16 (paddle) Captain Buckle, in the Baltic, committed suicide on the 5th of August last, by jumping overboard. It appears that the unfortunate poor fellow had been sentenced to receive three dozen lashes for some offence. While the gratings were being rigged for his punishment, he pleaded hard to the captain for mercy, and subsequently to the first lieutenant, to intercede in obtaining some other punishment; but finding these officers determined to let the punishment be inflicted, jumped overboard, and was drowned.—Plymouth (Eng.) Mail.

The candidates for congress in this district are now fairly before the people. The democratic convention at Mineral Point, passed strong Nebraska resolutions, threw Ben C. Eastman overboard and nominated Dr. Otis Hoyt, of St. Croix Co. Dr. Hoyt is receiver of the land office at Hudson, and is in duty bound to support the administration at Washington. The republicans have put in nomination Mr. Washburn of Mineral Point. Dr. Hoyt is a clever fellow, and being a democrat, would have beat Mr. Washburn badly a year ago; but to be a friend and pensioner of the administration now is what neither Dr. Hoyt nor any other man can survive in this part of the world. The doctor may just as well make up his jewels for a voyage up Salt river. The district is strongly democratic, but the people have already stood too much nonsense for their patience. Mr. Washburn is said to be capable, and honest and sure of being elected.—Prairie du Chien Courier, (independent).

KANSAS.—The St. Joseph Missouri Gazette, a "democratic" paper on the west line of that state, has the following remarks relative to the probable future of the territories: "Emigrants are pouring into Kansas. Many of them we learn are from free states. Missourians are wide awake; scores of them have gone and are still going into the territory. Hundreds we learn are going in from Arkansas and Tennessee. Most of those who are settling in Kansas from the western free states, such as Indiana and Illinois, are in favor of making Kansas a slave state. Kentucky, too, is turning out her due proportion of emigrants for Kansas, all of whom are in favor of making it a slave state. We think there is but little doubt that Kansas will be a slave state, while we believe Nebraska will be free."

A few days ago, says the Niagara Mail, an enormous serpent was discovered in the garden of Moffat's Hotel, Niagara. This most truculent looking reptile was about twelve feet long, and as thick almost as a man's leg. After sundry stratagems he was taken alive by Mr. Moffat, and safely barreled up. It turned out to be an Anaconda, which got away from the exhibition that had been held on the common about a fortnight previous, since which time his snake ship had been enjoying himself at large, and feeding luxuriously on chickens, of which a considerable number had disappeared very mysteriously from the neighborhood.

The editor of the Louisville Democrat says that if the ladies knew that wearing light colored gaiters adds at least one-fifth to the apparent diameter of the foot, they would discard the ugly things, and put their pretty feet back again into the dainty black and brown gaiters, which alone are proper for the street.

Half a dozen foreigners insulted a young girl on the cars in Kentucky lately, and bullied the conductor, who interfered to protect her. On reaching Portland, the conductor went up to the crowd around the depot, and pointing out the offenders, uttered the mysterious word "Shanghai," whereupon the crowd set upon them and gave each one a severe pummeling. Nobody knows whether the conductor is a know-nothing or not.

THE HUNT.—A party of thirty of our citizens had a "backwood hunt" on Saturday last. In all, they killed about one thousand black and grey squirrels, pigeons, quails, partridges, ducks, &c. Only one deer was killed; and the bear could not be found. In the evening, they partook of a splendid supper at the Crescent Hotel. They talk of another hunt soon.—Appleton Crescent.

The pride of Bostonians, the great tree on the common, is now being enclosed by a beautiful iron fence, of an entirely new pattern, by James Perkins, Esq. The gate, when completed, will have a very concise history of the tree, as far as known, on an iron tablet. The inscription was furnished by that eminent citizen, Dr. John C. Warren, of Park street, who is said to be engaged in a detailed history of the old elm, for publication.

WHEAT IMPORTED FROM ENGLAND.—We hear of a shipment of 10,000 bushels of new wheat from Liverpool to New York. It will arrive probably next week. This is an eccentricity in trade, that beats a transaction in high wines, that took place this week. A cargo was shipped from Cleveland on the advice of a telegraphic despatch of the market here, and was sold here, but before it was landed, it was repurchased at an advance by the shippers, sent right back to Cleveland, and sold there at another advance.—Buffalo Courier.

Smith made an assertion to Jones. Jones replied that it was a confounded "li—kly story." Smith first started, and then blandly requested Jones to be kind enough to place his syllables closer together upon the next occasion. Very proper caution.

Three men of "respectable position," have been arrested in Clarenceville, Canada, for having saturated the clothes of a drunken man with turpentine, and then set fire to them! The victim of the "fun," was terribly burned, and soon after died, leaving a wife and family in destitute circumstances.

The celebrated German philosopher, Schelling, died on the 20th of August, in Switzerland. He was born in the kingdom of Wurtemberg in the year 1775, and already at an early age he published works which soon made his name celebrated throughout Europe as the founder of that school of German philosophy which bears his name.

KNOW-NOTHINGS AND IRISH DOMESTICS.—If the "know-nothing" principles ever obtain in this country, there will be one good result therefrom that is little thought of. American girls must be substituted for Irish help.—Fianos must be played less, and pots and kettles must be looked after more, fewer silks will be needed, and more calicoes used; less walking in the sands about wash-tubs, and then when a man marries he will marry a wife, one that can cook his dinner, wash his shirts, and mend his clothes—not an over-grown baby to sit in the parlor, spend money without thinking that it must be earned, and play lady list husbands are bankrupt. Most men will go the native movement thus far, at least; but how many mothers will approve it?—how many daughters will vote for this new era?—Newburyport Herald.

MYRON H. CLARK, the whig candidate for governor of New York, was chairman of the senate committee which reported the liquor bill that was vetoed by Gov. Seymour. He commenced life as a cabinet maker, and by industry, perseverance, and intelligence has raised himself to his position.

The sixth volume of Bancroft's United States will appear in about a fortnight. It completes the three volumes which the author has devoted to the causes of the American Revolution.

FOR CONGRESS—FIRST DISTRICT,
WYMAN SPOONER,
SECOND DISTRICT,
O. O. WASHBURN.
THIRD DISTRICT,
CHARLES BILLINGHURST.
ROCK COUNTY REPUBLICAN CONVENTION.

The electors of Rock county who are determined to support no man for office who is not positively and fully committed to the support of the principles announced in the "Republican Platform" adopted at Madison on the 13th of July last, and whose personal character, political associations and private conduct, do not afford a guarantee that he is reliable, are invited to meet in their respective townships or wards at the place of holding the last township or ward election, on Tuesday, 10th day of October next, at 2 o'clock P. M. for the purpose of effecting a thorough organization of the Republican party in their towns or wards, and of appointing delegates to a county convention hereby called at the Court House in Janesville, on THURSDAY, the 12th day of October next, at 2 o'clock P. M., to nominate a county ticket.

The towns and wards will be entitled to representation in the county convention as follows:—to wit:

Town or Ward	Representatives
Avon	8
Bellevue	10
Bradford	8
Clinton	8
Fulton	4
Harmony	4
Jana	4
Johnstown	4
La Prairie	4
Janesville, town	8
Turtle	8

L. P. HART, J. H. BEND, JOHN HOWE, S. G. COLEMAN, O. H. WILSON, A. HANSEN, PETER SCHULTZ, J. DAWSON, E. VANDER, County Committee.

17TH SENATORIAL DISTRICT CONVENTION.

At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the city of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to which they are entitled under the above appointment in the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY the 12th day of October next at 11 o'clock, A. M., to nominate a candidate for senator.

By order of the County Committee.

For telegraphic news see third page.

JUDICIAL ELECTION.—Full returns from Jefferson county are said to give Collins 573 majority. Twenty-five towns in Dane give Hood 101 majority, instead of 35 as stated by the Milwaukee Sentinel. Baraboo gives Collins 110 majority, and Sauk City 92 for Hood. So far, the chances are in favor of Collins.

A COOL ENDORSEMENT.—The last number of the Patriot has the following chilling notice of its candidate for congress:

"The democratic nominee for congress in this district—Dr. Otis Hoyt—by the resolutions of the convention, stands square and fair upon the Nebraska platform.

The contest in this district will show how many democrats are willing to accept a mere law of congress as a test of party fealty—and how much our platform makers will gain by the process."

Probably the Patriot was thinking of the fact that Dr. Hoyt is a candidate of "Monk's Hall," and friendly to "Barstow and the balance." These two things have exercised the Patriot so severely, that we wonder it should have raised the doctor's name at all, or reconciled it with its conscience to have given him any "endorsement" whatever.

A NEW HELPER.—The Emigrant, the Norwegian paper printed in this county, raises the name of Mr. Washburn for congress, and John V. L. Thomas for the state senate from this district. It also put up the name of Chancey Abbott, of Madison, for judge in the 9th district.

THE MILWAUKEE SENTINEL has a private telegraphic despatch from New York, dated the 27th, which says: "It is reported on authority of foreign diplomats at Washington, that the Spanish government has dismissed Soule for fomenting insurrections."

The concert of the Bakers Wednesday evening attracted the largest audience ever drawn out in this city on such an occasion. The hall was densely filled, and many left unable to get in. This induced the family to give another last evening. The popularity of this troupe of singers seems scarcely less than the Hutchinsons in their palmiest days.

The democratic committee for this county have called a delegate convention to meet in Janesville on the 14th of October to nominate a county ticket. The republican committee will meet on the 10th for the same purpose.

Merchandise for Janesville arrived at Milwaukee on the 26th for J. B. Dimock, T. Munger, R. Colton, O. R. Ford, McKee & Bro., S. C. Spaulding, Holden, Kemp & Co.

The democrats of Massachusetts have nominated Bishop, their old candidate for governor, and endorsed the Nebraska bill and the national administration.

The Independent democrats of New Hampshire have called a state convention, to meet at Concord on the 29th of October.

Good taste is a good thing anywhere, and one of the best displays of it we have seen lately is in the perfume case of Holden, Kemp & Co. Aside from the neatness with which the articles are arranged, many of the perfumes themselves would not justify the use of a disinfectant in a case we alluded to a few days since.

The Albany Register says there are more than \$1,000,000 now lying unclaimed in the savings banks of the state of New York, some of which has been there for 50 years.

Liking a good thing whenever we find it, and a good deal being said now-a-days about the "know nothings," we copy the following capital sketch from the Standard:

QUALIFICATIONS FOR A "KNOW-NOTHING."

As there will probably be lodges of this fraternity established all over, it would be as well to let the people know what the requisite qualifications are.

First a "Know Nothing"—that is the scientific way of spelling it—must know a good deal, and a good deal that he ought not to know, or else he can't "come in." Next, he must not know a good deal that he ought to know, or else he can stay out. He must be a Native American or an Indian, but if he is the latter he stands a fair chance of being left out as a little too much native and too much know nothing. If he is a darkey native American he stands a fair chance of being blackballed.

Religion is a qualification on which much depends; a protestant can be admitted if he does not protest against illiberality. Those professing the doctrines of MANOIST need not fear rejection. Those having no religion at all can come in as men of whom the society has some hope, but Pusey-ites, Roman Catholics and most Episcopalians are inadmissible. The Cross is forbidden, whether because it knows too much or not we may not say, but the Crescent can come into the very bosom of the Know-Nothings.

It is an error to suppose that this society merely confines its efforts to prevent the admission of all foreigners. It goes further, it goes against all things foreign—to its interests. It is ready to admit foreigners, even, provided they are neither Irish nor Germans and will vote the whig—beg pardon, Know-Nothing ticket.

The officers of the Society are principally selected before hand, and they are to be considered the Know-Somethings of equal Know-Nothings. They are to be the patrons and guides of the flock, to be as infallible as even the Pope was deemed, to direct—rule—ruin. The remedy they offer for the evils they complain of is homoeopathic. They propose to cure by giving a little more of the disease. To correct intolerance by administering a little more intolerance in the sugar pills of Know-Nothingism, and we think they will be successful in their cure, though the doctors may suffer some in their practice.

Their intolerance of intolerance, is to be the most intolerant kind of intolerance, done up in sugared doses, and if they do not make intolerance intolerable, we shall be intolerably disappointed.

Strange to say, the Patron Saint of the Society is St. PATRICK, who they claim was not an Irishman, and they declare they have chosen him for two reasons. The one because,

"He drove the frogs from the bogs, and scattered all the varmint!"

and the other

"He built a church in Dublin Town, But first he built the steeple!"

which they declare is typical of their Society, which commences so high in the air that few can see the point of it, and will, in time come down to the ground with such a whack, that all will be able to see the ruins of it with half an eye.

A REAL DODGE.—Somebody, we don't know, tells the following story of one of the Iowa congressmen:

With regard to Hall's election—the only relief saved out of the general overthrow, it is remarkable that he owes his election to a dodge—not A. C. Dodge—but a dodge of a different kind—a dodge of the Nebraska bill. Mr. Hall, in the course of his canvass, was waited on by a deputation of Port Madison politicians and admonished that he had better not visit certain German settlements in his district, or if he did that he had better not come out for "Nebraska." Mr. Hall, like a man of genuine pluck, would not go where he could not be allowed to "speak his sentiments," so the Germans were unblest with light and voted for Mr. Hall. Wasn't that a dodge?

We clip the following from the Southern Planter, and publish it for the benefit of those who are employed in threshing:

For the comfort of those who feed threshing machines where there is much dust in the wheat, I will say it is the experience of my feeder (who has suffered much from dust in his throat) that one swallow of oil (which should be the best lamp oil) when he stops at night will relieve him from all the unpleasant effects of the dust. This is his remedy after ten years' experience, and as it may give relief to many a fatigued and suffering poor fellow, I communicate it to the Planter.

A railroad watchman on the Columbus and Xela road the other night, growing sleepy thought to take a nap, and to make sure of hearing the train when it should come along, he laid his head on the rail and went to sleep. The Statesman says: "Falling, however, to hear the cars, he was struck by the cow-catcher in such a manner as to be thrown off the track and thus saved from an instant and horrible death. His senses, (what little he had,) have not yet returned.

EXPOSURE NUMBER NINE!—There has been at least nine exposures of the secrets of the know nothings, published in the various democratic papers. The first, we believe, appeared in the New Orleans Delta, another in the Cincinnati Enquirer, one in Douglas' organ in Chicago, another in the Democratic Press of this city, another in the Democratic Platform, at Indianapolis, and the very latest exposure is to be found in the State Sentinel, of that city, of Monday. All of these are marvellously different—and we would really like to know which is the correct exposure.—Chicago Tribune.

DANGEROUS AFFRAY AT MADISON.—SEVERAL MEN WOUNDED.—A serious affray occurred last evening at the Railroad Exchange, in the western part of the town. A number of Irishmen, intoxicated with success and whiskey, at the judicial election, gathered about the aforesaid house, and part of them went into the bar-room. Mr. Rogers who formerly kept the house was sitting in the bar-room, and three men from some where in the vicinity of Portage City, named Gibson, were also present among others. They were brothers, and were intending to leave on the cars this morning for Ohio. One of the Irishmen asked Rogers to drink, which he declined doing. They soon became boisterous, and the bar-keeper ordered them out of the house, whereupon one of their number, named Haggerty, seized him and attempted to drag him over the bar. A scuffle ensued. One of the Gibsons in attempting to push back the Irishman, approached a window, when some one from the outside struck him through the window with a large knife, inflicting a dangerous wound in the left breast. Mr. Rogers was also struck with a knife and one of his fingers badly cut, and a man named Durkee received a large gash in one of his hands. It is feared that Mr. Gibson's wound will prove fatal, the knife having penetrated his lungs. Another man was missing, but turned up this morning, having been badly pounded and laid in the open air all night.

Haggerty has been apprehended. The person who stabbed Gibson is unknown. The house was assailed with stones during the row, and some came through the windows, which weighed several pounds. The riot grew out of the election. Mr. Rogers was a Collins man and gave offence to some of the unfriended of the opposite party, and they were heard to threaten him with violence, we understand, before proceeding to the house where he was stopping.—Madison Journal.

New York, Sept. 21.

The democrats of the third congressional district have nominated James Whiting, formerly district attorney, for congress. The mercantile letters by the Arabia are generally of a favorable tenor, and considerable orders came out for our securities. The low limits of the same, will, however, prevent many of the orders from being filled.

The steamer St. Louis is to leave here for Southampton and Havre to-morrow.

During the renewal of the riots at New Orleans on Friday night, one armed gang paraded the streets and attacked a coffee house kept by Mike Polley, and completely demolished it. Three men were severely wounded.

THE CHOLERA.—The feeling of cheerfulness, of which we spoke on Thursday morning, was again changed to that of sadness, upon the announcement in the evening that there had been some seventy deaths of cholera during the day. We mentioned that there had been but few new cases on Wednesday, but on Wednesday evening, after our report was written, it appears to have broken out with renewed virulence, and continued during Thursday and yesterday, on which latter day there were about 75 deaths. On referring to our local column the reader will find the names of those who died on the two days ending last evening.—Pittsburgh Gazette of Saturday.

MARRIAGES AND BIRTHS IN NEW YORK.—The whole number of marriages in New York city, during the year ending on the first of July last, was 6097, or 12,194 persons were married in a population of over half a million. The whole number of births during the year, were 19,223, of which 10,092 were males. Of those that were married 160 only were colored citizens, and of the whole number, 1211 were under 20 years of age, 4660 between 20 and 25; 3419 from 25 to 30; and 1500 from 30 to 35.

SUICIDE TO AVOID THE CAT.—James Ransom, an able seaman of the Valorous, 16 (paddle) Captain Buckle, in the Baltic, committed suicide on the 5th of August last, by jumping overboard. It appears that the unfortunate poor fellow had been sentenced to receive three dozen lashes for some offence. While the gratings were being rigged for his punishment, he pleaded hard to the captain for mercy, and subsequently to the first lieutenant, to intercede in obtaining some other punishment; but finding these officers determined to let the punishment be inflicted, jumped overboard, and was drowned.—Plymouth (Eng.) Mail.

The candidates for congress in this district are now fairly before the people. The democratic convention at Mineral Point, passed strong Nebraska resolutions, threw Ben. C. Eastman overboard and nominated Dr. Otis Hoyt, of St. Croix Co. Dr. Hoyt is receiver of the land office at Hudson, and is in duty bound to support the administration at Washington. The republicans have put in nomination Mr. Washburn of Mineral Point. Dr. Hoyt is a clever fellow, and being a democrat, would have been Mr. Washburn badly a year ago; but to be a friend and pensioner of the administration now is what neither Dr. Hoyt nor any other man can survive in this part of the world. The doctor may just as well make up his jewels for a voyage up Salt river. The district is strongly democratic, but the people have already said too much unbecomingly for their patience. Mr. Washburn is said to be capable, and honest and sure of being elected.—Prairie du Chien Courier, (independent.)

KANSAS.—The St. Joseph Missouri Gazette, a "democratic" paper on the west line of that state, has the following remarks relative to the probable future of the territories:

"Emigrants are pouring into Kansas. Many of them we learn are from free states. Missourians are wide awake; scores of them have gone and are still going into the territory. Hundreds we learn are going in from Arkansas and Tennessee. Most of those who are settling in Kansas from the western free states, such as Indiana and Illinois, are in favor of making Kansas a slave state. Kentucky, too, is turning out her due proportion of emigrants for Kansas, all of whom are in favor of making it a slave state. We think there is but little doubt that Kansas will be a slave state, while we believe Nebraska will be free."

A few days ago, says the Niagara Mail, an enormous serpent was discovered in the garden of Moffat's Hotel, Niagara. The most truculent looking reptile was about twelve feet long, and as thick almost as a man's leg. After sundry stratagems he was taken alive by Mr. Moffat, and safely barreled up. It turned out to be an Anaconda, which got away from the exhibition that had been held on the common about a fortnight previous, since which time his snakeish had been enjoying himself at large, and feeding luxuriously on chickens, of which a considerable number had disappeared very mysteriously from the neighborhood.

The editor of the Louisville Democrat says that if the ladies knew that wearing light colored garters adds at least one-fifth to the apparent diameter of the foot, they would discard the ugly things, and put their pretty feet back again into the dainty black and brown garters, which alone are proper for the street.

Half a dozen foreigners insulted a young girl on the cars in Kentucky lately, and bullied the conductor, who interfered to protect her. On reaching Portland, the conductor went up to the crowd around the depot, and pointing out the offenders, uttered the mysterious word "Shanghai," whereupon the crowd set upon them and gave each one a severe pummeling. Nobody knows whether the conductor is a know-nothing or not.

THE HUNT.—A party of thirty of our citizens had a "backwood hunt" on Saturday last. In all, they killed about one thousand black and grey squirrels, pigeons, quails, partridges, ducks, &c. Only one deer was killed; and the bear could not be found. In the evening, they partook of a splendid supper at the Crescent Hotel. They talk of another hunt soon.—Appleton Crescent.

The pride of Bostonians, the great tree on the continent, is now being enclosed by a beautiful iron fence, of an entirely new pattern, by James Perkins, Esq. The gate, when completed, will have a very concise history of the tree, as far as known, on an iron tablet. The inscription was furnished by that eminent citizen, Dr. John C. Warren, of Park street, who is said to be engaged in a detailed history of the old elm, for publication.

WHEAT IMPORTED FROM ENGLAND.—We hear of a shipment of 10,000 bushels of new wheat from Liverpool to New York. It will arrive probably next week. This is an eccentricity in trade, that beats a transaction in high wines, that took place this week. A cargo was shipped from Cleveland on the advice of a telegraphic despatch of the market here, and was sold here, but before it was landed, it was repurchased at an advance by the shippers, sent right back to Cleveland, and sold there at another advance.—Buffalo Courier.

Smith made an assertion to Jones. Jones replied that it was a confounded "Jelly-stor." Smith first started, and then blandly requested Jones to be kind enough to place his syllables closer together upon the next occasion. Very proper caution.

Three men of "respectable position" have been arrested in Clarenceville, Canada, for having saturated the clothes of a drunken man with turpentine, and then set fire to them! The victim of the "fun," was terribly burned, and soon after died, leaving a wife and family in destitute circumstances.

The celebrated German philosopher, Schelling, died on the 20th of August, in Switzerland. He was born in the kingdom of Wurtemberg in the year 1775, and already at an early age he published works which soon made his name celebrated throughout Europe as the founder of that school of German philosophy which bears his name.

KNOW-NOTHINGS AND IRISH DOMESTICS.—If the "know-nothing" principles ever obtain in this country, there will be one good result from that little thought of. American girls must be substituted for Irish help. Pianos must be played less, and pots and kettles must be looked after more, fewer silks will be needed, and more calicoes used; less walking in the sands about wash-tubs, and then when a man marries he will marry a wife, one that can cook his dinner, wash his shirts, and mend his clothes—not an over-grown baby to sit in the parlor, spend money without thinking that it must be earned, and play lady till husbands are bankrupt. Most men will go the native movement thus far, at least; but how many mothers will approve it?—how many daughters will vote for this new era?—Newburyport Herald.

MYRON H. CLARK, the whig candidate for governor of New York, was chairman of the senate committee which reported the liquor bill that was vetoed by Gov. Seymour. He commenced life as a cabinet maker, and by industry, perseverance, and intelligence has raised himself to his position.

THE SIXTH VOLUME of Bancroft's United States will appear in about a fortnight. It completes the three volumes which the author has devoted to the causes of the American Revolution.

Something New!!

Mr. BRATED Reed maker has just completed his new Organ fixed, upon which he has labored for 16 or 18 years and expended more than six thousand dollars. This reed is different from all others in its construction, being much larger and having more power. It is intended for Church and School Organs, and is manufactured by Messrs. Austin & Co. These Organs have an upright (Organ) action and are of the shape of all Church Organs. The price will range from \$175 to \$300, depending upon the finish of the case. To churches in want of an instrument of this value we would say that they have more power than any other Organ costing \$500.
J. R. PEASE & Co., Janesville Wis., are interested in the manufacture and sale of these instruments, and are the only persons through whom they can be had. They will have one or more for exhibition as early as Sept. 10, and after that a good assortment as soon as they can be manufactured.

FOR CONGRESS—FIRST DISTRICT.
WYMAN SPOONER,
SECOND DISTRICT.
O. C. WASHBURN.
THIRD DISTRICT.
CHARLES BILLINGHURST.
ROCK COUNTY REPUBLICAN CONVENTION.

The electors of Rock county who are determined to support no man for office who is not positively and fully committed to the support of the principles announced in the "Republican Platform" adopted at Madison on the 13th of July last, and whose personal character, political associations and private conduct, do not afford a guarantee that he is reliable, are invited to meet in their respective townships or wards at the place of holding the last township or ward election, on Tuesday—10th day of October next, at 2 o'clock P. M. for the purpose of electing a thorough organization of the Republican party in their towns or wards, and of appointing delegates to a county convention hereby called at the Court House in Janesville, on THURSDAY, the 19th day of October next, at 2 o'clock P. M., to nominate a county ticket.

The towns and wards will be entitled to representation in the county convention as follows:—to wit: Avon, 10; Belmont, 10; Bradford, 4; Center, 4; Clinton, 4; Fulton, 4; Harmony, 4; Lima, 4; Johnson, 4; La Prairie, 4; Janesville, town, 5; Turtle, 5.

L. P. HARVEY, J. H. BEND, JOHN HOWE, S. G. COLLEY, C. H. WILSON, A. H. BROWN, PETER SCHULTZ, J. DAWSON, E. VINCENT, County Committee.

17th SENATORIAL DISTRICT CONVENTION.

At the same time and place above designated in the respective towns and wards for meetings, to choose delegates to the county convention, the Republican electors of the wards of the city of Janesville, and of the towns in this county comprised in the 17th senatorial district, are requested to select an equal number of delegates to which they are entitled under the above appointment in the county convention, to represent them in a senatorial convention hereby called at the Court House in Janesville, on THURSDAY the 19th day of October next at 11 o'clock, A. M., to nominate a candidate for senator.

By order of the County Committee.

For telegraphic news see third page.

JUDICIAL ELECTION.—Full returns from Jefferson county said to give Collins 573 majority. Twenty-five towns in Dane give Hood 191 majority, instead of 35 as stated by the Milwaukee Sentinel. Baraboo gives Collins 110 majority, and Sauk City 92 for Hood. So far, the chances are in favor of Collins.

A COOL ENDORSER.—The last number of the Patriot has the following chilling notice of its candidate for congress: "The democratic nominee for congress in this district—Dr. Otis Hoyt—by the resolutions of the convention, stands square and fair upon the Nebraska platform."

The contest in this district will show how many democrats are willing to accept a mere law of congress as a test of party fealty—and how much our platform makers will gain by the process.

Probably the Patriot was thinking of the fact that Dr. Hoyt is a candidate of "Monk's Hall," and friendly to "Darstow and the balance." These two things have exercised the Patriot so severely, that we wonder it should have raised the doctor's name at all, or reconciled it with its conscience to have given him any "endorsement" whatever.

A NEW HELPER.—The Emigrant, the Norwegian paper printed in this county, raises the name of Mr. Washburn for congress, and John V. L. Thomas for the state senate from this district. It also put up the name of Chancey Abbott, of Madison, for judge in the 9th district.

The Milwaukee Sentinel has a private telegraphic despatch from New York, dated the 27th, which says: "It is reported on authority of foreign diplomatists at Washington, that the Spanish government has dismissed Soule for fomenting insurrections."

The concert of the Bakers Wednesday evening attracted the largest audience ever drawn out in this city on such an occasion. The hall was densely filled, and many left unable to get in. This induced the family to give another last evening. The popularity of this troupe of singers seems scarcely less than the Hutchinsons in their palmist days.

The democratic committee for this county have called a delegate convention to meet in Janesville on the 14th of October to nominate a county ticket. The republican convention will meet on the 10th for the same purpose.

Merchandise for Janesville arrived at Milwaukee on the 26th for J. B. Dimock, T. Minger, R. Colton, O. R. Ford, McKee & Bro., S. C. Spaulding, Holden, Kemp & Co.

The democrats of Massachusetts have nominated Bishop, their old candidate for governor, and endorsed the Nebraska bill and the national administration.

The Independent democrats of New Hampshire have called a state convention, to meet at Concord on the 25th of October.

Good taste is a good thing anywhere, and one of the best displays of it we have seen lately is in the perfumery case of Holden, Kemp & Co. Aside from the neatness with which the articles are arranged, many of the perfumes themselves would not justify the use of a disinfector in a case we alluded to a few days since.

The Albany Register says there are more than \$1,000,000 now lying unclaimed in the savings banks of the state of New York, some of which has been there for 50 years.

Liking a good thing whenever we find it, and a good deal being said now-a-days about the "know nothings," we copy the following capital sketch from the Standard:

QUALIFICATIONS FOR A "KNOW-NOTHING." As there will probably be lodges of this fraternity established all over, it would be as well to let the people know what the requisite qualifications are. First a "Know Nothing"—that is the scientific way of spelling it—must know a good deal, and a good deal that he ought not to know, or else he can't "come in." Next, he must not know a good deal that he ought to know, or else he can stay out. He must be a Native American or an Indian, but if he is the latter he stands a fair chance of being left out as a little too much native and too much know nothing. If he is a darkey native American he stands a fair chance of being blackballed.

Religion is a qualification on which much depends; a protestant can be admitted if he does not protest against illiberality. Those professing the doctrines of MANOM need not fear rejection. Those having no religion at all can come in as men of whom the society has some hope, but Pusey-ites, Roman Catholics and most Episcopalians are inadmissible. The Cross is forbidden, whether because it knows too much or not we may not say, but the Crescent can come into the very bosom of the Know-Nothings.

It is an error to suppose that this society merely confines its efforts to prevent the admission of all foreigners. It goes further, it goes against all things foreign—to its interests. It is ready to admit foreigners, even, provided they are neither Irish nor Germans and will vote the whig—beg pardon, Know-Nothing ticket.

The officers of the Society are principally selected before hand, and they are to be considered the Know-Somethings of eq Know-Nothings. They are to be the patrons and guides of the flock, to be as infallible as even the Pope was deemed, to direct—rule—ruin. The remedy they offer for the evils they complain of is homoeopathic. They propose to cure by giving a little more of the disease. To correct intolerance by administering a little more intolerance in the sugar pills of Know-Nothingism, and we think they will be successful in their cure, though the doctors may suffer some in their practice.

Their intolerance of intolerance, is to be the most intolerant kind of intolerance, done up in sugared doses, and if they do not make intolerance intolerable, we shall be intolerably disappointed.

Strange to say, the Patron Saint of the Society is St. PATRICK, who they claim was not an Irishman, and they declare they have chosen him for two reasons. The one because,

"He drove the frogs from out the bogs, And scattered all the varmint!"

and the other

"He built a church in Dublin Town, But first he built the steeple!"

which they declare is typical of their Society. which commences so high in the air that few can see the point of it, and will, in time come down to the ground with such a whack, that all will be able to see the ruins of it with half an eye.

A REAL DODGE.—Somebody, we don't know, tells the following story of one of the Iowa congressmen:

With regard to Hall's election—the only relic saved out of the general overthrow, it is remarkable that he owes his election to a dodge—not A. C. Dodge—but a dodge of a different kind—a lodge of the Nebraska bill. Mr. Hall, in the course of his canvass, was visited on a deputation of Port Madison politicians and admonished that he had better not visit certain German settlements in his district, or if he did that he had better not come out for "Nebraska." Mr. Hall, like a man of genuine pluck, would not go where he could not be allowed to "speak his sentiments," so the Germans were unblest with light and voted for Mr. Hall. Wasn't that a dodge?

We clip the following from the Southern Planter, and publish it for the benefit of those who are employed in threshing:

For the comfort of those who feed threshing machines where there is much dust in the wheat, I will say it is the experience of my feeder (who has suffered much from dust in his throat that one swallow of oil, (which should be the best lamp oil,) when he stops at night will relieve him from all the unpleasant effects of the dust. This is his remedy after ten years' experience, and as it may give relief to many a fatigued and suffering poor fellow, I communicate it to the Planter.

A railroad watchman on the Columbus and Xenia road the other night, growing sleepy thought to take a nap, and to make sure of hearing the train when it should come along, he laid his head on the rail and went to sleep. The Statesman says: "Falling, however, to hear the cars, he was struck by the cow-catcher in such a manner as to be thrown off the track and thus saved from an instant and horrible death. His senses, (what little he had,) have not yet returned.

EXPOSURE NUMBER NINE!—There has been at least nine exposures of the secrets of the know nothings, published in the various democratic papers. The first, we believe, appeared in the New Orleans Delta, another in the Cincinnati Enquirer, one in Douglas' organ in Chicago, another in the Democratic Press of this city, another in the Democratic Platform, at Indianapolis, and the very latest exposure is to be found in the State Sentinel, of that city, of Monday. All of these are materially different—and we would really like to know which is the correct exposure.—Chicago Tribune.

DANGEROUS AFFRAY AT MADISON.—SEVERAL MEN WOUNDED.—A serious affray occurred last evening at the Railroad Exchange, in the western part of the town. A number of Irishmen, intoxicated with success and whiskey, at the judicial election, gathered about the aforesaid house, and part of them went into the bar-room. Mr. Rogers who formerly kept the house was sitting in the bar-room, and three men from some where in the vicinity of Portage City, named Gibson, were also present among others. They were brothers, and were intending to leave on the cars this morning for Ohio. One of the Irishmen asked Rogers to drink, which he declined doing. They soon became bolder, and the bar-keeper ordered them out of the house, whereupon one of their number, named Haggerty, seized him and attempted to drag him over the bar. A scuffle ensued. One of the Gibsons in attempting to push back the Irishman, approached a window, when some one from the outside struck him through the window with a large knife, inflicting a dangerous wound in the left breast. Mr. Rogers was also struck with a knife and one of his fingers badly cut, and a man named Durkee received a large gash in one of his hands. It is feared that Mr. Gibson's wound will prove fatal, the knife having penetrated his lungs. Another man was missing, but turned up this morning, having been badly pounded and laid in the open air all night.

Haggerty has been apprehended. The person who stabbed Gibson is unknown. The house was assailed with stones during the row, and some came through the windows, which weighed several pounds. The riot grew out of the election. Mr. Rogers was a Collins man and gave offence to some of the unreformed of the opposite party, and they were heard to threaten him with violence, we understand, before proceeding to the house where he was stopping.—Madison Journal.

NEW YORK, Sept. 21. The democrats of the third congressional district have nominated James Whiting, formerly district attorney, for congress.

The mercantile letters by the Arabia are generally of a favorable tenor, and considerable orders came out for our securities. The low limits of the same, will, however, prevent many of the orders from being filled.

The steamer St. Louis is to leave here for Southampton and Havre to-morrow. During the renewal of the riots at New Orleans on Friday night, one armed gang paraded the streets and attacked a coffee house kept by Mike Foley, and completely demolished it. Three men were severely wounded.

THE CHOLERA.—The feeling of cheerfulness, of which we spoke on Thursday morning, was again changed to that of sadness, upon the announcement in the evening that there had been some seventy deaths of cholera during the day. We mentioned that there had been but few new cases on Wednesday, but on Wednesday evening, after our report was written, it appears to have broken out with renewed violence, and continued during Thursday and yesterday, on which latter day there were about 75 deaths. On referring to our local column the reader will find the names of those who died on the two days ending last evening.—Pittsburgh Gazette of Saturday.

MARRIAGES AND BIRTHS IN NEW YORK.—The whole number of marriages in New York city, during the year ending on the first of July last, was 6097, or 12,194 persons were married in a population of over half a million. The whole number of births during the year, were 19,223, of which 10,092 were males. Of those that were married 160 only were colored citizens, and of the whole number, 1211 were under 20 years of age, 4640 between 20 and 25; 3419 from 25 to 30; and 1600 from 30 to 35.

SUICIDE TO AVOID THE CAT.—James Ransom, an able seaman of the Valorous, 16 (paddle) Captain Buckle, in the Baltic, committed suicide on the 5th of August last, by jumping overboard. It appears that the unfortunate poor fellow had been sentenced to receive three dozen lashes for some offence. While the grating was being rigged for his punishment he pleaded hard to the captain for mercy, and subsequently to the first lieutenant, to intercede in obtaining some other punishment; but finding these officers determined to let the punishment be inflicted, jumped overboard, and was drowned.—Plymouth (Eng.) Mail.

The candidates for congress in this district are now fairly before the people. The democratic convention at Mineral Point, passed strong Nebraska resolutions, threw Ben. C. Enstman overboard and nominated Dr. Otis Hoyt, of St. Croix Co. Dr. Hoyt is receiver of the land office at Hudson, and is in duty bound to support the administration at Washington.

The republicans have put in nomination Mr. Washburn of Mineral Point. Dr. Hoyt is a clever fellow, and being a democrat, would have beat Mr. Washburn badly a year ago; but to be a friend and pensioner of the administration now is what neither Dr. Hoyt nor any other man can survive in this part of the world. The doctor may just as well make up his jewels for a voyage up Salt river. The district is strongly democratic, but the people have already stood too much nonsense for their patience. Mr. Washburn is said to be capable, and honest and sure of being elected.—Prairie du Chien Courier, (Independent).

KANSAS.—The St. Joseph Missouri Gazette, a "democratic" paper on the west line of that state, has the following remarks relative to the probable future of the territories: "Emigrants are pouring into Kansas. Many of them we learn are from free states. Missourians are wide awake; scores of them have gone and are still going into the territory. Hundreds we learn are going in from Arkansas and Tennessee. Most of those who are settling in Kansas from the western free states, such as Indiana and Illinois, are in favor of making Kansas a slave state. Kentucky, too, is turning out her duo proportion of emigrants for Kansas, all of whom are in favor of making it a slave state. We think there is but little doubt that Kansas will be a slave state, while we believe Nebraska will be free."

A few days ago, says the Niagara Mail, an enormous serpent was discovered in the garden of Moffat's Hotel, Niagara. This most truculent looking reptile was about twelve feet long, and as thick almost as a man's leg. After sundry stratagems he was taken alive by Mr. Moffat, and safely barreled up. It turned out to be an Anaconda, which got away from the exhibition that had been held on the common about a fortnight previous, since which time his snake-ship had been enjoying himself at large, and feeding luxuriously on chickens, of which a considerable number had disappeared very mysteriously from the neighborhood.

The editor of the Louisville Democrat says that if the ladies knew that wearing light colored girds adds at least one-fifth to the apparent diameter of the foot, they would discard the ugly things, and put their pretty feet back again into the dainty black and brown garters, which alone are proper for the street.

Half a dozen foreigners insulted a young girl on the cars in Kentucky lately, and bullied the conductor, who interfered to protect her. On reaching Portland, the conductor went up to the crowd around the depot, and pointing out the offenders, uttered the mysterious word "Shanghai," whereupon the crowd set upon them and gave each one a severe pummeling. Nobody knows whether the conductor is a know-nothing or not.

THE HUNT.—A party of thirty of our citizens had a "backwood hunt" on Saturday last. In all, they killed about one thousand black and grey squirrels, pigeons, quails, partridges, ducks, &c. Only one deer was killed; and the bear could not be found. In the evening, they partook of a splendid supper at the Crescent Hotel. They talk of another hunt soon.—Appleton Crescent.

The pride of Bostonians, the great tree on the common, is now being enclosed by a beautiful iron fence, of an entirely new pattern, by James Perkins, Esq. The gate, when completed, will have a very concise history of the tree, as far as known, on an iron tablet. The inscription was furnished by that eminent citizen, Dr. John C. Warren, of Park street, who is said to be engaged in a detailed history of the old elm, for publication.

WHEAT IMPORTED FROM ENGLAND.—We hear of a shipment of 10,000 bushels of new wheat from Liverpool to New York. It will arrive probably next week. This is an eccentricity in trade, that beats a transaction in high wines, that took place this week. A cargo was shipped from Cleveland on the advice of a telegraphed despatch of the market here, and was sold here, but before it was landed, it was repurchased at an advance by the shippers, sent right back to Cleveland, and sold there at another advance.—Buffalo Courier.

Smith made an assertion to Jones, Jones replied that it was a confounded "H—ly story." Smith first started, and then blantly requested Jones to be kind enough to place his syllables closer together upon the next occasion. Very proper caution.

Three men of "respectable position," have been arrested in Clarenceville, Canada, for having saturated the clothes of a drunken man with turpentine, and then set fire to them! The victim of the "fun," was terribly burned, and soon after died, leaving a wife and family in destitute circumstances.

The celebrated German philosopher, Schelling, died on the 20th of August, in Switzerland. He was born in the kingdom of Wurtemberg in the year 1775, and already at an early age he published works which soon made his name celebrated throughout Europe as the founder of that school of German philosophy which bears his name.

KNOW-NOTHINGS AND IRISH DOMESTICS.—If the "know-nothing" principles ever obtain in this country, there will be one good result therefrom that is little thought of. American girls must be substituted for Irish help. Pianos must be played less, and pots and kettles must be looked after more, fewer silks will be needed, and more calicoes used; less walking in the suburbs with waltz-tubs, and then when an unmarried girl will marry a wife, one that can cook his dinner, wash his shirts, and mend his clothes—not an over-grown baby to sit in the parlor, spend money without thinking that it must be earned, and play lady till husbands are bankrupt. Most men will go the native movement thus far, at least; but how many mothers will approve it?—how many daughters will vote for this new era?—Newburyport Herald.

Myron H. Clark, the whig candidate for governor of New York, was chairman of the senate committee which reported the liquor bill that was vetoed by Gov. Seymour. He commenced life as a cabinet maker, and by industry, perseverance, and intelligence has raised himself to his position.

The sixth volume of Bancroft's United States will appear in about a fortnight. It completes the three volumes which the author has devoted to the causes of the American Revolution.

Hon. John W. Taylor, formerly a prominent politician in New York, died in Cleveland on the 18th inst.
